

Project Atlas

A place for the work between the work.

One file. Several ways forward.

Drop a document into a project zone.

Retrieve the file, use its path, or copy supported content.

Let each participant choose the interface that fits.

Example project deliverables

atlas.png	Visual brief
atlas.xlsx	Project deliverables
notes.txt	Working notes

Fictional demonstration data. No real project, person or client.

Pasteberth website demo / Not a product performance report
